

Acute Care Physical Therapy Residency

MaineHealth
Maine Medical Center
Portland

MaineHealth Maine Medical Center Portland is a complete health care resource for the people of greater Portland, the entire state of Maine, and northern New England.

Program Intentions:

- Provide evidence-based care to a medically complex population
- Advance the role of physical therapy in the acute care setting
- Enhance hands-on and clinical decision-making skills
- Develop the qualities of a strong leader and patient advocate
- Offer accessible post-professional training in New England to benefit rural populations

Program Benefits:

- Salary and full-time benefits
- One-on-one clinical mentoring
- Multi-disciplinary didactic experiences
- Teaching experience at the University of New England DPT program
- Leadership skill development

Program Details:

- 12-month long program
- Clinical exposure to multiple acute care service lines including orthopedics, oncology, burn and soft tissue, cardiopulmonary, neurology, critical care, emergency medicine, and pediatrics
- Clinical practice across the continuum of care from intensive care units to step-down floors
- >150 hours 1:1 clinical mentoring
- >300 hours of structured didactic curriculum
- Participation in journal clubs, grand rounds, case presentations, and multi-disciplinary in-services
